

The Primacoustic TriPad is a tripod mic stand isolator that eliminates floor noise and resonance from vibrating through the stand into the microphone. Three high density open-cell acoustic foam isolators are precision cut to mount on the mic stand and provide a stable platform to securely hold the stand in place. Once in place, you will enjoy less noise and greater detail in your recordings. They even stay in place when the stand is moved around in the studio.

TriPad™

mic stand isolators

- Prevents vibrations from getting into mic
- Eliminates problem background noise
- Fits standard tripod microphone stands
- Improves the sound of your recording

Primacoustic TriPad™
Order # P300 0208 00

PRIMACOUSTIC®

TriPad⁺

mic stand isolator

USER GUIDE

Congratulations on your purchase of the TriPad! The TriPad provides effective isolation of structure-borne vibration from coupling through the mic stand into the microphone.

This helps eliminate low frequency noise such as foot-steps, street noise, and resonance from nearby amplifiers or drums from entering the microphone. This lets you record at full bandwidth without having to limit the low-end frequency response with an EQ or high-pass filter.

Using the TriPad is easy: Simply slip each Tripad Isolator over the legs of your tripod mic stand. Position the mic stands rubber foot towards the angled cut-off section of the TriPad and you are set to go. Once applied, the TriPad holds in place allowing the stand to be lifted and moved without repositioning.

LIMITED WARRANTY

Please inspect products immediately after receiving your purchase. Primacoustic acoustic products are guaranteed to be free of manufacturing defects for a period of 3 years after purchase. In the unlikely event that a defect is uncovered, please call 604-942-1001 to obtain a RA number (Return Authorization number) from Primacoustic before the 3 year warranty period expires. Once you have obtained a RA number you must return the product, freight prepaid, within fifteen (15) days after the date the RA number is issued. Please return the product in the original packaging (or another, affording an equal degree of protection) with all of the following: (1) RA number clearly marked on the returned package; (2) a receipt or bill of sale showing proof of purchase from an authorized seller; plus (3) a letter describing the defect. Please include your name, address, telephone number and the applicable RA number. You are solely responsible for all shipping and insurance costs for returning the product to Primacoustic, and you will not be reimbursed or compensated for any loss or damage incurred during return shipping. Primacoustic will at its sole discretion repair or replace the product. Should the product no longer be available, Primacoustic reserves the right to exchange this with a product of similar performance and value. Due to different dye lots, Primacoustic cannot guarantee exact color match. This Warranty shall solely extend to the original owner and is limited to manufacturing defects and excludes damage due to improper installation, freight handling, wear and tear, abuse, misuse, misapplication, color fading or deterioration due to prolonged exposure to ultra violet light, smoke, humidity or other environmental factors. It is understood that the use and suitability of the product is entirely the responsibility of the buyer or specifying engineer and as such, these parties agree to hold Primacoustic, or its associated company, and/or officers, harmless from any responsibility whatsoever other than what is clearly outlined in this warranty.
